

PRIMARY SCHOOL PE AND SPORT FUNDING

The PE and Sport Allocation funding has been provided to schools in addition to main school funding. This funding is ring-fenced and therefore can only be spent on the provision of PE and sport in schools.

The government has provided additional funding since 2013 to improve the provision of physical education (PE) and sport in primary schools.

Schools are able to decide how the PE and Sport funding is spent, ensuring that additional provision enhances the provision for PE in school. The Headteacher and Governing Body are held accountable for how they have used the additional funding.

The table below shows how the funding at Bedmond School was spent in the academic year 2015-2016.
